**DETAILED ACTION**

***Election/Restrictions***

Applicant's election with traverse of Group I in the reply filed on 10/21/05 is acknowledged. The traversal is on the ground(s) that there is no burden on the examiner to examine the all of the claims together. This is not found persuasive because the search for the non-elected claims is not co-extensive with the search of the elected claims i.e. there is a burden on the examiner to treat the non-elected claims on their merits.

The requirement is still deemed proper and is therefore made FINAL.

Claims 13-18 are withdrawn from further consideration pursuant to 37 CFR 1.142(b), as being drawn to a nonelected invention, there being no allowable generic or linking claim. Applicant timely traversed the restriction (election) requirement in the reply filed on 10/21/05.

This application is in condition for allowance except for the presence of claims 13-18 to an invention non-elected with traverse in the reply filed on 10/21/05. Applicant is given Two Months from the date of this letter to cancel the noted claims or take other appropriate action (37 CFR 1.144). Failure to take action during this period will be treated as authorization to cancel the noted claims by Examiner's Amendment and pass the case to issue. Extensions of time under 37 CFR 1.136(a) will not be permitted since this application will be passed to issue.

The prosecution of this case is closed except for consideration of the above matter.

***Conclusion***

This application is in condition for allowance except for the following formal matters:

Cancellation of non-elected claims.

Prosecution on the merits is closed in accordance with the practice under *Ex parte Quayle*, 1935 C.D. 11, 453 O.G. 213.

A shortened statutory period for reply to this action is set to expire **TWO MONTHS** from the mailing date of this letter.
